## **Rockwater Energy Solutions Named Water Management Company of the Year in the Gulf Coast**

HOUSTON – March 18, 2014. Rockwater Energy Solutions was honored to receive the award for Water Management Company of the Year at the 2013 Oil & Gas Awards for the Gulf Coast region. The award recognized the outstanding achievements of the Water Management Rockwater team in South Texas.

“We are thrilled to have been recognized for our efforts in providing best-in-class water management services to our customers,” said Jess Foshee, Region Vice President for the Rockwater South Texas team. “Our employees work hard every day to ensure our customers get the highest level of service, while insisting on world-class safety standards that are reinforced by our core values.”

“Our customers in the Eagle Ford are recognizing the difference full lifecycle water management can make in their operations,” commented Larry O’Donnell, Chairman, President and CEO of Rockwater. “I am proud of our South Texas team for their commitment to operational excellence and safety that has earned them this award.”

### **About Rockwater**

Rockwater Energy Solutions, Inc. provides extensive water and fluids management services and environmental solutions to the oil and gas industry by customizing cost-effective solutions associated with the full water life cycle. Rockwater offerings include water transfer by pipe; completion, stimulation, and production chemicals; water conditioning for reuse; proppant, guar, and additives for fracturing; flowback and well testing services; fluids transportation and storage; and logistics and distribution services to support its product and service offerings. Rockwater is headquartered in Houston, Texas, and has about 3,000 employees serving every major shale basin in North America.
