**ROCKWATER ENERGY SOLUTIONS NAMES DAVID NIGHTINGALE
AS NEW SENIOR VICE PRESIDENT OF FLUIDS MANAGEMENT**

Houston, TX, April 23, 2012 –Rockwater Energy Solutions, Inc., a fluids management and environmental solutions provider to the oilfield industry, announced today that David Nightingale has joined the executive leadership team as Senior Vice President – Fluids Management. David was the former President of I.E. Miller, a former subsidiary of Complete Production Services, in Houston, Texas. David worked at Complete Production Services for seven years in a variety of leadership roles, including running their rig and heavy equipment moving division and one of their well servicing companies in the Rockies. Prior to that, David has served in a number of operating roles at energy and midstream companies. David obtained his B.S. in Civil Engineering from Bradley University in Peoria, Illinois, and his MBA from the University of Houston.

We are delighted to have David join the Rockwater team,” commented Larry O’Donnell, Chairman, President and CEO of Rockwater. “David’s leadership skills, knowledge of the oilfield, and focus on safety will be very helpful to Rockwater as we continue to grow our service offering throughout North America and execute our strategy.”

About Rockwater (<http://www.rockwaterenergy.com>)

Rockwater Energy Solutions, Inc. provides comprehensive fluids management services and environmental solutions, including fluids transfer by pipe; production, stimulation, and specialty chemicals, including friction reducers, corrosion and scale inhibitors, and biocides; environmentally-friendly hydraulic fracturing fluids additives, such as food-based guar and guar derivative products, and proprietary crosslinker technologies; pipeline additives; fluids management, logistics and transportation of fluids, proppants, and oilfield service products through its more than 600 trucks; transloading from rail and storage of sand and other proppant used in hydraulic fracturing; storage of crude oil and other fluids in its tank farms; and well testing and flowback services. Rockwater is headquartered in Houston, Texas, and has over 2,800 employees.

Forward-Looking Statements

Rockwater Energy Solutions, Inc. (the “Company”), from time to time, provides estimates of financial and other data, comments on expectations relating to future periods and makes statements of opinion, view or belief about current and future events. Statements relating to future events and performance are “forward-looking statements.” Forward-looking statements are generally accompanied by words such as “estimate,” “project,”

“predict,” “believe,” “expect,” “anticipate,” “potential,” “could,” “may,” “foresee,” “plan,” “goal” or other words that convey the uncertainty of future events or outcomes. Forward-looking statements are not guarantees of performance. The Company has based these forward-looking statements on its current expectations and assumptions about future events. These statements are based on certain assumptions and analyses made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments as well as other factors it believes are appropriate under the circumstances. Actual results may differ materially from those implied or expressed by the forward-looking statements. These forward-looking statements speak only as of the date of this press release, or if earlier, as of the date they were made. By issuing estimates or making statements based on current expectations, opinions, views or beliefs, the Company has no obligation, and is not undertaking any obligation, to update such estimates or statements or to provide any other information relating to such estimates or statements. The Company faces a variety of risks that could cause actual results to differ materially from those that may be set forth in the forward-looking statements made by the Company. We caution you not to place undue reliance on any forward-looking statements.
